

## The Loop Pizza Grill Nutritional Analysis

Nutritional Analysis provided by Nutritional Information Services (NIS), a company specializing in the creation and maintenance of nutritional information databases for the foodservice industry. Because all menu items at The Loop are prepared to order, actual nutrient values may vary slightly from those listed due to individual preparations. Variations may also occur due to differences in suppliers, ingredient substitutions, recipe revisions, product assembly at the restaurant, and/or the season of the year. Certain menu items may not be available at all locations.
